

Master Document

Contents

1	Section A	1
1.1	section A 1	1
2	Example of my tool	2
2.1	section B 1	2
2.2	section B 2	2
2.3	section B 3	2

1 Section A

This is a markdown document with two sections. The master.pdf should have

```
summary(cars)
```

```
##      speed      dist
## Min.   : 4.0    Min.   :  2.00
## 1st Qu.:12.0    1st Qu.: 26.00
## Median :15.0    Median : 36.00
## Mean   :15.4    Mean    : 42.98
## 3rd Qu.:19.0    3rd Qu.: 56.00
## Max.   :25.0    Max.    :120.00
```

1.1 section A 1

You can also embed plots, for example:

Note that the `echo = FALSE` parameter was added to the code chunk to prevent printing of the R code that generated the plot.

2 Example of my tool

2.1 section B 1

- At times I like to be stand alone document, with three sections.
- When included in master, my sections should really be sub-sections; help please?

2.2 section B 2

```
summary(cars)
```

```
##      speed      dist
##  Min.   : 4.0    Min.   :  2.00
## 1st Qu.:12.0    1st Qu.: 26.00
## Median :15.0    Median : 36.00
## Mean   :15.4    Mean   : 42.98
## 3rd Qu.:19.0    3rd Qu.: 56.00
## Max.   :25.0    Max.   :120.00
```

2.3 section B 3

You can also embed plots, for example:

Note that the `echo = FALSE` parameter was added to the code chunk to prevent printing of the R code that generated the plot.
